

CalWIN Wins NACo2011 Achievement Award for Benefits CalWIN

The National Association of Counties (NACo) is the only national organization that represents county governments in the United States. Founded in 1935, NACo provides essential services to the nation's 3,068 counties.

We are very pleased to report that Benefits CalWIN received a 2011 NACo Achievement Award, thanks to Sonoma County graciously submitting Benefits CalWIN on behalf of our Consortium.
